

CoroDrill Drilling Campaign

March 16th - April 30th, 2026

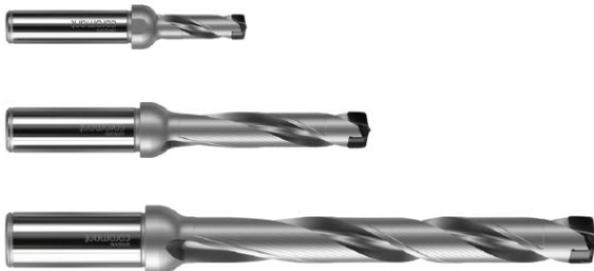

Save up to 50% on drill bodies & drill tips.

Introduction

- Introducing CoroDrill® DE10, our new first-choice exchangeable-tip drill concept and the best-in-class exchangeable-tip drill on the market
- Designed for short-hole drilling between diameters 9.00–17.90 mm (0.354–0.705 inch) across all material groups
- No need for pilot drilling
- One geometry, -M5, for all materials, makes it exceptionally suitable for mixed material production
- Geometries -M5F and -M5C are optimized and positioned for different applications and customer needs
- Plug-and-play solution with high and consistent performance thanks to modern production technologies and robust design
